

B-Line Telescoping Box Mounting Bracket & Accessories BB2-16T & BB2-24T

The *B-Line Telescoping Box Mounting Bracket & Box Mounting Clip* allow for pre-fabrication of box assembly which helps reduce time on job sites. The bracket features a unique flange end that can mount to multiple box depths beyond the standard $2\frac{1}{8}$ " deep boxes.

FEATURES:

- Flange ends can be cut & bent to mount multi-gang, 5" SQ, masonry & speaker/strobe boxes
- Marked bend slots for mounting $1\frac{1}{2}$ " and $2\frac{1}{8}$ " box depths

ACCESSORIES:

- *Box mounting clip* attaches to electrical box without hardware
- *Pipe/conduit clamps* require no hardware to install
- *Copper pipe insulator* provides protection of differing metals
